This month, *take 5!*

5

MINUTES

Clean your machine and clear out the dust bunnies under your bobbin case. Then, replace your old needle with a fresh, sharp one to start your projects off right!

5

HOURS

Make something nice for your sewing space: a thread catcher in colors you love, a mat and cover for your sewing machine, or a fabric basket for your notions.

5

DAYS

Pull out all your fabric, sort it, and get rid of anything you don't love. Then, organize it in a way that works for you. Do you like it categorized by designer? By season? By color? By theme? Is it time for a resupply? We can help with that, too!
