A Start to Finish Sew-Along
Mondays in March 2021 for National Quilting Month

WEEK ONE: STYLISH STASH BUSTING

Watch Misty and Liz use six gorgeous fabrics in bold colors along with a black background to make their Bloomerang mini quilt. To create your own version, you can choose six fabrics from your stash or scrap it up even more! If you've ever wanted to learn more about mixing prints, playing with scale, or working with colors from your stash, check out our full-length class called *Stash Busting with Style*. Remember: you're the expert in knowing what fabrics you love. It's YOUR quilt! We can't wait to see your Bloomerang quilt in progress. Use the hashtag **#msqcshowandtell** to share photos of your project on social media—be sure to show us your pile of pretty fabrics and your in-progress 4-patch blocks this week!

This coloring page is for planning your fabric placement. Print it out as many times as you like and grab some colored pencils or crayons. You can also use the swatch boxes below to keep track of which fabrics you'd like to use in your Bloomerang project.
